400	Austrian Pine		
408	Ponderosa Pine		
410	Rocky Mtn. Juniper		

CONDITIONS OF SALE

The Colorado State Forest Service tree program enables farmers, ranchers, and rural landowners to obtain trees at nominal costs. The program's aim is to encourage landowners to plant new forests, establish effective windbreaks, reduce erosion, protect homes, cropland, livestock and highways, and enhance wildlife habitat.

Our trees and shrubs are grown for their conservation benefits only. Ornamental qualities such as color, degree of flowering, fruit production and others are not guaranteed.

To participate, landowners must have at least two acres of land and must agree not to use the trees for ornamental or landscaping purposes. Contact your local nursery for ornamental needs.

These trees and shrubs cannot be resold as living plants (the roots must be severed).

Trees and shrubs, bare root and potted, are available in multiples of 10, or singly in the case of the #1 pots, per species thru BFCC.

Payment must accompany order.

If trees or shrubs you have ordered are sold out, cost of the trees or shrubs will be refunded unless a substitution is requested and agreed upon.

Supplies may be limited; ordering early is recommended.

This order form is for the BFCC program ONLY, do not submit to Colorado State Forest Service
